

HIGH PERFORMANCE FUEL SYSTEM WATER REMOVER

Fuel System Care with anti water formula

Product properties:	Binds and reliably removes condensed water and moisture from the entire fuel system. Protects against rust and corrosion and increases the lifespan of the engine. Ensures a clean and powerful combustion, improves engine running and cold starting performance and optimises exhaust emission. Prevents ice formation.
Areas of application:	For all petrol powered engines.
Instructions for use:	Add every 3-4 months to the fuel system before filling up.
Consumption:	300 ml sufficient for 60 – 80 litres petrol fuel
Reaction time:	Works during driving.
Caution:	Cleaning fluid – no fuel substitute! Flammable. Harmful: may cause lung damage if swallowed. Harmful to aquatic organisms, may cause long-term adverse effects in the aquatic environment. If swallowed, seek medical advice immediately and show this container or label. Keep out of reach of children.
Frost susceptible:	no
Material contents:	aliphatic hydrocarbons, additive compounds, colourants
Available container sizes:	300 ml (33068) Other container sizes are available upon request.
